ORE OFFICE MEMORANDUM

EPB NOTICE No. 2-49

9 December 1949

1. Reference is made to EPB Notice No. 1-49, dated 7 December 1949, paragraph 2 of which called attention to a series of papers entitled, "Development of an Integrated Intelligence Production Program".
2. It was intended that general discussion of these papers would continue at the next EPB meeting. However, it now appears more urgent to discuss the intelligence aspects of the paper before considering them from a broad philosophical standpoint.
3. It is therefore requested that you review your copy of the staff study, subject "A Concept of National Intelligence Production on the Far East" (Tab A), and prepare comments thereon for submission to my office no later than 13 December 1949. Your comments will be used as a basis for discussion at the next meeting of the EPB, which will be held in Room 2519 at 1430 on Wednesday, 14 December 1949.
